"Building Excellence"

To whom it may concern:

Manhattan Construction Company submits this letter of recommendation on behalf of WCS Contractors, Ltd.

I have worked closely with several members of the WCS management team over the past few years and have always been satisfied with their overall service and performance. WCS Contractors recently completed the Prestonwood Christian Academy Upper School project where they again, demonstrated high standards of excellence from project management to quality craftsmanship. WCS was unquestionably instrumental in assisting Manhattan's timely completion of the project as well. I would recommend WCS Contractors to perform commercial drywall & acoustics, EIFS, lath & plaster work to any General Contractor in need of these services.

Sincerely,
Manhattan Construction Company

Greg McClure
